

What does 'Met Required Standards' mean?

- The Accredited Provider has sufficient and current policies and procedures for all of the Centre's systems with strategy and systems to inform, enrol and induct learners on the Centre's programme.
- All programmes are listed in line with PD:Approval guidelines.
- All staff are appropriately qualified and experienced to manage, teach, assess and internally quality assure the programme(s).
- All learners are provided with sufficient approved learning resources that meet 100% of the REPS India standards and have access to fair and robust assessments that meet PD:Approval criteria.
- The Accredited Provider has a system for secure storage and maintains strict confidentiality of assessment data.
- All Centre staff, programmes and learner cohorts are sampled by qualified Internal Quality Assurer(s), who also host regular standardisation meetings.
- The Accredited Provider has an appropriate education site(s) and facilities for teaching, learning and assessments with a practical environment and sufficient equipment for skills training.
